

Covid-19 Venue Safety Procedures

1400 North First Avenue (at the corner of Drachman)

(520) 882-9721

We have created a plan that will work using the safest and most sanitary conditions as outlined by the CDC and the City of Tucson (we installed GPS-FC24-AZ Ionization System for our AC!). YOUR safety and that of our actors and staff are our primary concern and we have created a plan that will work.

We will be continuing what we call “Boutique Seating”.

That is only 40% our capacity.

We look at this not as 60% empty but as our “40% Full Initiative”! Here is how it will work!

- 1) IT will take requests for seating when reservations are made. Reservations are required. There will be no sales at the Box Office.
- 2) Patrons will be seated directly into their assigned seats in the theatre. The lobby will only be a pass through without congregating.
- 3) A back door and front door will be utilized for easy access and social distancing into their assigned seat in the theatre.
- 4) All Performances will be without an intermission.
- 5) Sanitized restrooms will be available on an emergency basis.
- 6) All audience and staff must wear masks for the duration of their time inside the theatre. Actors will perform without masks.
- 7) Audience is asked to take their temperature at home on the date they are attending. If feeling ill or have been exposed, they are asked to please stay home and their tickets will be rescheduled.
- 8) All social distancing guidelines will be strictly followed.
- 9) The theatre will be thoroughly cleaned and sanitized after every performance.
- 10) A special GPS-FC24-AZ Ionization System has been installed into air-conditioning unit.
- 11) Contact tracing procedures and contact information is gathered and maintained for all audience members.
